

Project Sheet Butcher and The farmer

Location 02 Arena

Timing Weeks

We delivered a colossal restaurant called Butcher & The Farmer within the largest ticket selling arena in the world which is the 02. Our Australian client wanted to bring over their supremely successful business to the UK, providing farm fresh produce within a cosy farmhouse ambiance collaborated with casual fine dining.

We worked flawlessly with Design Partnership and Seagrass to offer a unique 5000 square feet restaurant that included innovative kitchen design and wall features. The contract was circa £900,000 with original milk jugs and galvanised planters used to create an authentic farm feel..

The immense crittall shopfront and illuminated signage create an inviting atmosphere and intrigues the wondering consumers to see more. Butcher & The farmer main pivotal features are magnificent 6-meter hanging mirror over the bar. In addition, the metal mesh gantry that runs from the bar to the kitchen creates a harmonious transition through the building. The mezzanine has a private bar that includes a book wall and distressed mirror that generates a very homely traditional vibe.

At ecsec we pride ourselves on delivering projects to the highest quality within budget and on time. To find out more please get in touch.
