

Project Sheet Prime

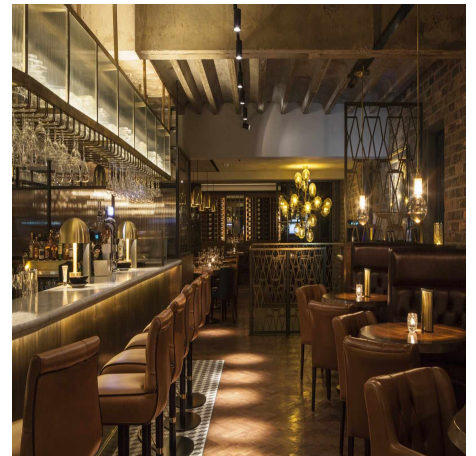

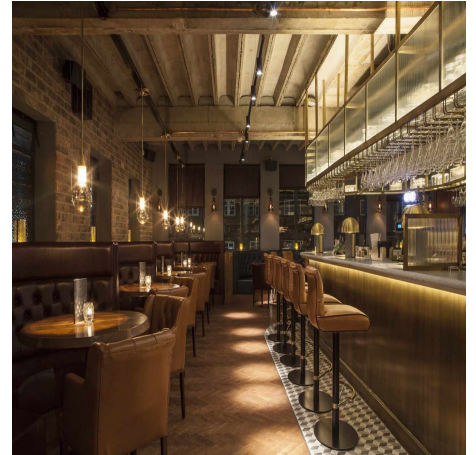

Location Beaconsfield

Timing 12 Weeks

Award winning restaurant Prime Steak & Grill has opened its third and largest site. The New restaurant is situated on Maxwell Road, Beaconsfield.

Working closely with Design LSM and the clients, we were able to create a stylish and spacious restaurant. The contract took 12 weeks to fit out at a cost of £1m. Although challenging at times, the end result created a space offering a truly wonderful dining experience.

The site was over 6000 sq.ft in size over 2 floors with bespoke crittall style new shopfront and a feature staircase in solid oak and antiqued brass fretwork. Using a considered mix of oak timber panelling and leather furniture, with antiqued brass detailing, the restaurant draws you in and upstairs to the 7m long horseshoe bar and gantry. Constructed using marble, antiqued brass and reeded glass, the bar is the focal point and go to place in Beaconsfield.

At ecsec we pride ourselves on delivering projects to the highest quality within budget and on time. To find out more please get in touch.
